

THE UNDERSIGNED, Trustees of Martha Washington College, take pleasure in testifying to the admirable management of that institution by Rev. S. N. Barker. He is now closing the fifth year of his lease; and notwithstanding the unprecedented "hard times," the enrollment of students for the scholastic year 1894-95, is the largest in the history of the College. This cannot be said, perhaps, of any other school in this section; and demonstrates the fact that Martha Washington College, as now managed, possesses superior merit, and that the public are advised of it. We unhesitatingly commend the school, and approve its management.

Some months ago Prof. C. C. Fisher was appointed, by the Board of Trustees, Financial Agent of Martha Washington College. We commend him to the friends and patrons of this honored institution. He is a man of the highest character, and of the very best business qualifications. So far he has met with gratifying success in the work intrusted to him by the Board, and the financial outlook is very encouraging. The fact that Professor Fisher accepted the position tendered him was the promise of success, for those who know him best know that he never undertakes the impossible; and that he always succeeds in what he undertakes.
