Hi Rob,

I was able to find a copy of the 1904 Horace Mannikin which is what our yearbook is called. Unfortunately, in the 1904 edition, there are no individual pictures of the graduates with their identifying names. There is a class picture but no one is identified there either. I am happy to copy pages where your grandfather is mentioned if you wish to have that.

Please let me know if you wish me to proceed with copying the pages to send you.

Best,

Hi Rob,

I've asked my alumni relations colleagues to check and circle back to you. I do show him as a graduate of 1904 in our database and that we went on from here to attend Columbia University. We could check campus archives for confirmation from a yearbook. Perhaps there would be a mention of him throughout the book to see if he was involved in any clubs, sports etc.

The app doesn't contain any history and, for confidentiality, I cannot give you access as it contains addresses of our current alumni.

Thank you,

Kristen

Hi, Kristen,

I did not attend Horace Mann. I was applying in hopes of being able to get genealogy information, at least verification of attendance/graduation for my grandfather, Horace Reynolds Graham, of New York NY (1886 – 1954), who did attend 1900-1904, according to this website: [https://prabook.com/web/horace\\_reynolds.graham/1053467#](https://prabook.com/web/horace_reynolds.graham/1053467#). The site gives no verifiable source for this information, and I was hoping to obtain verification of that from the alumni organization. Perhaps you can suggest a better way for me to accomplish that? I don't need general access to the alumni organization or the app, although it would have been interesting to read any history of Horace's time at HM.

I hope you can at least confirm his attendance and graduation for me. Should you need, or want additional information about Horace, please visit his biography here <https://www.wikitree.com/wiki/Graham-17208>, as it contains all the information that I know about him.

Thank you for the courtesy you have done me just by responding to my application.

Regards,

Rob Graham.
